

# IMW Gas Management Panels PORTFOLIO

IMW Industries Ltd. is a North American company located in Canada with over 100 years of manufacturing experience. In 1912, IMW started as a Blacksmith shop in Chilliwack, BC and was named Ironsides Machining & Welding, marking the beginning of IMW's journey. As a leading manufacturer of Natural Gas Compression Systems in the alternative energy industry, IMW has supplied over 3,000 compression units worldwide in Midstream, Industrial and Distribution markets since 1984.

## GAS MANAGEMENT PANELS SOLUTIONS

(also known as priority panel) are designed to provide fill priorities based on customer needs to fulfill a demand in a specific order of filling.

**Standalone**

IMW Standalone Priority Panel is a highly efficient gas distributing panel for large fleet operations

**On-Skid**

IMW On-Skid solution offers a compact gas distribution for smaller operations

## COMPANY HISTORY

**1912**

IMW roots go back over 100 years to a Blacksmith's shop in Chilliwack, BC Canada, where Ironsides Machining & Welding was established

**1984**

IMW enters CNG Business providing CNG fueling systems for CNG station operators

**2004**

IMW Subsidiary opens in Colombia to serve South America region with equipment, parts, technical support and localized assembly of Gas Storage and Dispensers

**2010**

IMW joint CLNE making it the largest provider of natural gas supply solutions for transportation in North America

**2011**

IMW opened a service center in Peru

**2017**

On November 27th, Landi Renzo and Clean Energy Fuel announced the merger of SAFE with Clean Energy Compression (IMW)

## BENEFITS

### CUSTOMIZABLE SOLUTIONS

IMW Priority Panels are highly customizable, allowing for tailored solutions that meet the specific needs of your application and site requirements. With a customized solution, you can be sure that your gas management system is operating at peak performance, with minimal waste and maximum productivity.

### INCREASED EFFICIENCY

With the use of Priority Panels, gas is directed to the right place at the right time, reducing wasted resources and increasing overall efficiency.

### EXTENDED EQUIPMENT LIFE

By minimizing the number of starts and stops of the compressor, Priority Panels can help reduce wear and tear on the equipment, resulting in an extended lifespan and reduced maintenance costs.
