

# IMW Gas Offloading Solutions PORTFOLIO

IMW Industries Ltd. is a North American company located in Canada with over 100 years of manufacturing experience. In 1912, IMW started as a Blacksmith shop in Chilliwack, BC and was named Ironsides Machining & Welding, marking the beginning of IMW's journey. As a leading manufacturer of Natural Gas Compression Systems in the alternative energy industry, IMW has supplied over 3,000 compression units worldwide in Midstream, Industrial and Distribution markets since 1984.

## GAS OFFLOADING SOLUTIONS

**CleanPRS**

CleanPRS is a compact and reliable gas supply system with a robust design that minimizes pressure drop and provides a well controlled outlet pressure.

**PRS-500**

IMW's PRS-500 is a compact gas offloading equipment that incorporate a PRS and a decant post combined in one design. Electric gas heating that provides efficient and continuous gas supply.

**Zero-E**

Zero-E is a compact and reliable pressure reduction unit built to reduce carbon footprint and provide efficient gas supply with reliable outlet pressure and controlled temperature for various applications.

**TrailerdecantCNG**

IMW's TrailerdecantCNG provides a high-flow and efficient solution for industrial gas trailer offloading applications, to ensure maximum offloading with high-flow efficiency.

**Defueling Panel**

IMW's Defueling Panel is designed to off-load gas from vehicles in a compact and easy-to-install package, making it suitable for various needs.

## COMPANY HISTORY

**1912**

IMW roots go back over 100 years to a Blacksmith's shop in Chilliwack, BC Canada, where Ironsides Machining & Welding was established

**1984**

IMW enters CNG Business providing CNG fueling systems for CNG station operators

**2004**

IMW Subsidiary opens in Colombia to serve South America region with equipment, parts, technical support and localized assembly of Gas Storage and Dispensers

**2010**

IMW joint CLNE making it the largest provider of natural gas supply solutions for transportation in North America

**2011**

IMW opened a service center in Peru

**2017**

On November 27th, Landi Renzo and Clean Energy Fuel announced the merger of SAFE with Clean Energy Compression (IMW)

## COMPANY SQM (SQF)

ENTIRE PREMISES

**74,000** (796,529)

PRODUCTION

**65,000** (699,654)

OFFICES

**9,000** (96,875)

## EXISTING EQUIPMENT

### BY REGION

## BENEFITS

### RELIABLE AND CONTINUOUS GAS SUPPLY

IMW's Gas Offloading solutions are designed to ensure a dependable and continuous gas supply, allowing an efficient operation.

### OPTIMAL GAS SUPPLY

IMW's equipment features advanced technology that delivers precise and stable outlet pressure and temperature, tailored to meet the needs of specific applications, ensuring optimal performance and efficiency.

### COMPACT AND EASY-TO-INSTALL SOLUTIONS

Our equipment is designed to be compact and easy to install, reducing installation time and cost. This makes it the right solution for various applications, including small installations, offering flexibility and cost-effectiveness.
